Week 8: End of Year ELL Reflection

This week we are asking your child to complete a ELL Reflection. In this reflection, students will be asked to choose a language strength and a language goal. Students are to circle one strength and one goal from a chart and then use sentence stems to explain why they made those choices. **If you are available to help your child complete this activity, we would greatly appreciate your support.** This reflection is useful for us in moving forward and creating language goals for your child next year. Thank you!

Below are the ELL Activities for each grade level posted to Seesaw:
