## Week 3: Learning Spotlights

Please follow and complete the lessons your child's classroom teacher has sent, along with the ELL activities on your child's ELL Seesaw account. Remember that the ELL Activities are posted to a separate Seesaw account, so your child may have to toggle between their classroom account and their ELL account to access all of their activities. The ELL activities align with what your child is learning in the classroom in either reading or writing. The purpose of this is to provide additional English Language Development.

***Below are the ELL Activities for each grade level posted to Seesaw:***
